Bill 11 hearing on August 15, 2012 for Veto Over Ride

Aloha, Council members,

Please vote to override the Mayor's veto of Bill 11. The mayor asks for a compromise but there is no compromise when one of the sides has been operating illegally for many years and is not the intended purpose of the beach areas in Kailua. Kailua is quickly moving from a residential community to a resort area. Please adhere to the proper zoning for our town. We are not, nor do we wish to become, Waikiki. Please listen to the wisdom of Council Member Ikaika Anderson who knows and understands the detrimental effects of commercialism in his district. Thank you.

Aloha, Barbara and Stan Krasniewski
